

THE NEW WORLD HANDICAPPING SYSTEM (WHS)

KNOW — THE — **SCORE**

To all Playing Members

The new World Handicapping System goes live on 2nd November 2020.

A team of Members have volunteered to oversee the introduction over the coming months. They are, Karen Hearn, Lalit Patel, Helen Baston & Paul Tovey.

In the next few weeks, we shall be providing information on WHS in line with England Golf's timeline.

- Look out for posters around the Club – a new one each week or so.
- Our intention is to hold presentations with an opportunity for questions as and when regulations allow.
- Watch out for regular WHS emails!

In the meantime, are you ready for WHS? Have you got a full handicap record ie 20 qualifying scores since January 2018? If not, why not take the opportunity to put in more qualifying scores (including Supplementary Scores) to ensure your calculated Handicap Index will be representative of your current playing ability.

Further information on WHS can be found at
